

Laboratory/Materials Engineer- ACTS

Established in 1996, ACTS has become the preferred third-party provider for geotechnical engineering, materials testing, and consulting, and is the Local Sponsoring Group for the American Concrete Institute (ACI)'s programs in the Middle East.

Two Locations: KSA or Kuwait

Educational background: A Bachelor or Master's degree in Civil Engineering

Work experience: Fresh Engineers

Brief job Description: Maintain all laboratory equipment, vehicles, training apparatus, documents, books, manuals and inventory allocations. Meet with inspectors, engineers, contractors, and/or developers to determine corrective action required when there are discrepancies between work done and the approved plans, specifications and standards. Participate in the sales activities of the lab.
