

Waste-Water Advisor to the Minister of Energy and Water (MoEW)

The position will support the Minister to discharge her responsibilities related to the wastewater management. Improving the management of wastewater services provided by national and regional water authorities in Lebanon will ultimately improve the sustainability of wastewater infrastructure.

Location: Beirut, Lebanon

Duration of the contract: 12 months

Major: Bachelor's degree in Civil Engineering, or any related field

Experience: 20 years' experience in the water and sanitation sector in positions of progressively increasing responsibility

How to apply:
