

Procurement Supply Chain Management (SCM)

For a company in KSA

Major: degree in Business Administration, or any related field

Experience: 8-10 years of relevant experience

Major Responsibilities:

- Provide end-user training and documentation to ensure users are proficient in using the Oracle SCM application.
- Manage and configure Oracle iSupplier and Supplier Management modules and ensure smooth supplier interactions and optimized workflows.
- Work on the creation and management of invoices from iSupplier, ensuring alignment with payables processes and company standards.
- Develop and implement solutions to enhance supplier management and payables processes, focusing on scalability and process efficiency.
- Maintain a strong understanding of procurement concepts and their integration with subledger accounting, ensuring data accuracy and compliance.

Additional Requirements:

- Have strong understanding of supply chain management principles and best practices.
- Be an expert in core Oracle Fusion Supply Chain modules (Oracle Procurement Cloud Service, Oracle Procurement Self Services Cloud Service, Oracle iSupplier)
- Have experience with SCM processes such as Purchasing, Planning, Inventory, and MRP.
- Have a proven experience in Oracle iSupplier, Supplier Management, and Payables.
- Have a good understanding of procurement concepts and subledger integration processes.
- Certifications in Oracle Cloud SCM module are plus
- Be willing to relocate to KSA (Riyadh)
