

# STUDENT RECRUITMENT PROGRAM

## OBJECTIVE

The main goal of the Orientation Program at the University of Balamand is to provide prospective students with information about the University, its faculties, programs and resources, along with the purpose of higher education. It also assists new students in exploring the campus and the surrounding communities.

As part of our aim to help students make informed decisions about their future in higher Education, we are committed to visiting secondary schools and colleges to either attend to visit the campus (Open Doors, Shadowing, etc.) or a Higher Education fair, and/or to give talks on various relevant subjects.

## OPEN DOORS

The Open Doors is an annual event organized in all UOB campuses. The UOB is keen on the constructive communication with the public and private schools in Lebanon and the region for the benefit of all students in exploring their future. During the Open Doors, High School students from all over Lebanon are invited to visit the UOB campuses and interact with upperclassmen, student leaders, faculty, staff and peers and gain good understanding of the University programs, policies and procedures.

## STUDENT VISITS - SHADOWING

One of the major tasks of the Orientation Team is to schedule visits for prospective students. During these visits, students and their families are provided with a better understanding of the University programs and campus life. The tours are conducted by Campus Ambassadors knowledgeable of its academic programs and involved in student development and campus traditions. These tours provide insightful information about the student experience at UOB.

Students can attend classes on that day and are welcome to spend a full day on campus.
